

Commercial Moving

Qualifications and Credit Framework (QCF)

QCF is the new qualifications framework for England, Wales and Northern Ireland. It is a framework that supports the accumulation and transfer of credit.

It is more flexible and allows learners to achieve qualifications in 'bite-sized pieces'.

The new Skills for Logistics qualifications will look different as they all combine Capability (Knowledge) with Competency into a single qualification. They are all mapped directly to the revised National Occupational Standards (NOS) on a one to one basis so that employers, employees and learners can be confident that they meet the skills requirements for our sector.

The Qualification...

These qualifications are for those working in the Commercial Moving industry. The qualifications were developed in conjunction with the British Association of Removers Commercial Moving Group.
